June 12, 2020

Dear Clients and Friends of Corriente Veterinary Service,

It is with sincere sadness that we are announcing the closing of Corriente Veterinary Service after over 30 years of providing quality veterinary care for clients and their animals. We are incredibly proud of how our veterinarians and staff came together to support each other to continue serving area horses during very difficult circumstances.

Our final day of service will be July 14, 2020. After that date the doctors will no longer be available to provide medical care, advice, or prescriptions. We will not schedule routine appointments after June 30, but will have a doctor on call for urgent matters and emergencies as usual until 5pm on July 14.

We recommend you establish a relationship with another veterinarian or clinic as soon as possible to ensure continuity of your horse's care and prior to an emergency situation. Some veterinarians that care for horses in our area are*:

Athens Veterinary Service, Athens (north of hwy 153 & haul in), WI: 715-257-7003
Cornerstone Equine Services (Dr. Michael Graper), Rhinelander, WI: 715-362-6333
Country Vet (Dr. Barb Kasproicz), Almond, WI: 715-630-5663
Dells Equine (Dr. Suzanne McKichan), Wisconsin Dells, WI: 608-844-9833

The office will be operating through July 31 to complete some clerical duties, but the building will remain closed to clients and the public due to COVID. To request a copy of your horse's medical records, please email us at office@corrientevet.com including your name, horse's name, and where you would like the records sent. Please allow 4-7 days to process your request.

Many of our clients and patients have become like family and it is difficult for us to say goodbye. We are extremely grateful to have had the privilege of working with you and your horses over the years. Thank you.

Sincerely,

MaryJo Johnson, Practice Owner

Amanda Shulfer, CVT, Practice Manager

Penny Turner, CVT

Kaity Pagel, CVT
